From the Principal's desk

Tēnā koutou katoa e te whānau

Welcome back to all our returning students, and to all our new whānau who have joined Whangaroa College this year. We are also delighted to have Jess Williams become a member of our staff. Please join me in extending a warm welcome to them all.

In 2024, five out of the seven Year 13 students who completed the school year achieved University Entrance. We are very pleased with their success and how well they performed during their time at Whangaroa College. We wish those students well, who are heading off to university in 2025, with their continuing studies. At our end-of-year prize giving, Kobe Hills received a well-deserved award recognizing his entire college career without any behaviour issues or concerns. This demonstrates his commitment to making the most of his opportunities and being an outstanding role model for his fellow students. I congratulate Kobe, all the students who achieved University Entrance, and all those who completed their final year of schooling here at Whangaroa College.

This year, we are placing a special emphasis on ensuring all students attend school as often as possible, arrive at all classes on time, and stay for the entire duration of each class. To encourage this, we have introduced the following incentives:

- All students with an attendance rate of 85% or more for the year will be entered into a draw to win a \$500 grocery voucher for their whānau.
- All students with an attendance rate of 85% or more for each term will be invited to a special lunch at the end of the term.
- Awards will be given for the student with the best attendance each term and at the end of the year, as well as awards for the most improved attendance.

We would greatly appreciate your support in making this attendance initiative a success.

We all look forward to another successful year at Whangaroa College. Please do not hesitate to contact the school if you have any questions.

He uri ahau nō Whangaroa. I moved home to Kāeo eight years ago to reconnect with my whānau and whenua. For the past seven years, I have been teaching at Te Kura o Hato Hōhepa Te Kāmura, supporting ākongā in their learning and growth. With years of teaching experience, I am excited to join the staff and students at Whangaroa College and look forward to being part of this wonderful school community.

Congratulations! 2024 Year 13

Congratulations to the 2024 Year 13 graduates. Four of the graduates have secured their places at their chosen tertiary institutes of study.

Kobe Hills

Victoria University of Wellington: Bachelor of Science, majoring in Geography.

GENERAL INFORMATION

SCHOOL UNIFORM

Our school uniform is looking good at present, and we will endeavor to maintain this high standard throughout the year. However, situations arise beyond whānau control, and students will arrive at school in mufti items. As soon as these students arrive at school in the morning, they will need to head to the uniform room and exchange items with freshly laundered items. These must be worn at all times during the day. Students will need to exchange the borrowed items before they leave for the day.

This is also a reminder that our uniform consists of the following:

Plain white collared polo shirt Plain black pullover, pants, skirt, shorts. Plain black shoes. Sandals with heel straps.

ABSENCES/ LATENESS

If students are absent from school, please contact the office to let them know as soon as possible.

Students who are late to school will need to sign in at the office and receive a late pass. This is an important process, as it will also mean that the student will be listed for lunches that day.

ACCESS TO KAEO SHOPS

Students will not have access to the local shops during school hours without parental permission and transport. The local businesses are in full support of this and we thank them for their co-operation.

R. TUCKER THOMPSON *Sailing*

The R. Tucker Thompson hosts and supplies students with sponsors (if needed), to participate in their week-long voyages. Our students have enjoyed the challenges and new skills learned at sea. They navigate the ship, go hiking, swimming, diving and are challenged to walk the mast! They also work on their social skills by meeting new people and making new friends.

If you are keen to apply for future voyages, talk to Ben O'Donnell for further information.

NOTICES

JUNIOR ASSEMBLY

HEAD LICE

There have been a few cases of head lice being identified at school. The office does have a limited supply of treatments for students and whānau. It is important for whānau to check their children as head lice can spread in a communal setting such as a school. We will be in contact with the public health nurse to help support whānau who need help with this issue.

YEAR 7 & 8 IMMUNISATIONS

As part of the National Immunisation Schedule, students will be offered the following vaccinations at the end of Term One:

Year 7 students are offered Boostrix, to protect against tetanus, diphtheria and whooping cough.

Year 8 students are offered Gardasil 9, a vaccine that offers protection against most cancers caused by HPV.

This week, all Year 7 and 8 students will be given information and a form to take home, complete and return to school.

Please return this to school even if you choose NOT to have your child vaccinated. This prevents any confusion, as we know the form has been seen by a parent or guardian.

JUNIOR TECHNOLOGY

All students who have Food Technology and Hard Materials classes need to wear covered shoes during these lessons. Students may also bring a mufti shirt for the workshop but must change back into their school polo before leaving the class.
